NO SIGN OF PEACE IN SPAIN AS YET

Cardinal Merry del Val and Spanish Minister Hold Fruitless Conference

APPEALING TO ALPHONSO

Committee Wires to King Protesting Against the Action of the Government

Rome, August 5.—Cardinal Merry del Val and Marquis Gonzales, Spanish minister, held a conference today. There is no sign of peace as yet.

Appeal to Alphonso.

Bilboa, August 5.—Since the government has ordered the railway companies not to furnish special trains for the proposed demonstration at San Sebastian, Sunday, the Catholics adherents are already commencing to leave for the summer capital upon the ordinary trains. Feeling in the city runs high.

The committee which is organizing the demonstration today sent a telegram of protest to the King against the interference of the authorities with the manifestation and also issued a statement urging their followers individually to telegraph similar measures to the king. A telegram of sympathy was also sent to the Pope.

STRIKE BREAKERS WERE PUT IN JAIL

Arrested at Sarnia, All Pleaded Guilty of Giving False Information

ALL WERE GIVEN MONEY

Say Railway Company Gave Them Required Amount to Enter Canada

Sarnia, Ont., Aug. 5.—Thirteen strike breakers entered Canada and were arrested and put in jail They appeared before Magistrate Gorman yesterday afternoon and all pleaded guilty to the charge of giving false information and were remanded for sentence. It would seem that they had been gathered in all the way from Minneapolis and Kansas City to Port Huron. They were told that the strike was over and they claim they were deceived. They were supplied with the necesary money qualification but had to pay it back after coming into Canada.

IMMIGRANTS FROM U.S. SPREAD SMALLPOX

Calgary Is Having An Outbreak of the Disease Just at Present

(Special to the Capital)

Calgary, Aug. 5.—The fact that there are four cases of smallpox in Calgary at the present time has led Dr T. Dawson, the medical health officer to give out some warnings as to how to avoid contraction of the disease. Two of those in the isolation hospital are immigrants and apparently had the disease when they reached the city. This would seem to indicate that there had been some neglect on the part of the authorities at the point of entrance, or that the immigrants had entered the country over the United States border. Immigrants are supposed to undergo vaccination as soon as they enter the country.

TWO DROWN NEAR TORONTO

Toronto, Aug. 5—Barry McBratney, 16 years of age, was drowned in Lake Simcoe by the upsetting of his sail boat. Fred Smith, cook on the schooner Antelope, fell overboard at Westmarket street dock last night and was drowned.

INVESTIGATING CHARGES

Attorney General Mitchel Looking into Petition of Taber Miners

Attorney General Mitchell has received the petition of the Taber miners requesting action by the government in the matter of Frank Decaux, who is kept in the custody of the police after having been exonerated by a coroner's jury, on the charge of murder. Hon. Mr. Mitchell has not begun an investigation yet. "It is a very delicate matter," he said to The Capital this morning, "and I should not like to make any statement as yet, as it might be misinterpreted. I will look into it today."

ASK GOVERNMENT TO SECURE SITES

Western Canada Irrigation Association Passed Many Resolutions Yesterday

WANT GOVT. TO HURRY UP

Ask That Rain Gauges Be Supplied to Observers in Alberta and British Columbia

Kamloops, Aug. 5.—The convention of the Western Canada Irrigation Association yesterday devoted its time to resolutions, one of the most important which was offered by Delegate Peace of Calgary, took the form of a request that the governments of the Dominion and British Columbia hurry the selection and reservation of water storage sites on crown lands and also acquire privately owned sites which may be required for purposes of land irrigation.

Another resolution requests the director of the meteorological service to supply rain gauges to observers in Alberta and British Columbia so that an accurate record of the rainfall in every district can be obtained.

Calgary will likely be chosen tomorrow as the place of meeting for next year's convention.

CONFUSED BY SO MUCH GOOD LAND

I. S. McLean, a repatriated Canadian, with three Americans, who hail from North Dakota, have arrived back from the district west of the Peavine prairie, where they have been looking for land. They will probably locate in that district. One of the Americans says that he is greatly astonished with the quantity of the land available. "There was so much of it," he said, "that it really confused me."

MADE A RECORD

The C. P. R. Company's liner Empress of Ireland, made an Atlantic record on her last trip. She left Liverpool at 6.30 p.m. English time on July 29th and arrived at Quebec at 2.58 p.m. August 4th

HAD WEAPON MADE OF BILLIARD BALL

Young Man Arrested in Dance Hall Last Night—Was Fined Twenty-five Dollars

Mike Phillips, a young man, 23 years of age, was arrested in the Kinistino dance hall last night for carrying concealed weapons, and this morning he was found guilty by acting Magistrate Byers and fined $25 and $5.75 costs, or one month at hard labor at Fort Saskatchewan.

Phillips was carrying a sling shot, made out of a billiard ball, which was fastended to two pieces of leather. It is not known his reason for having the article in his possession or as to whether he had designs on anybody.

When he saw the police he attempted to run out of the building but was prevented.

RED DEER SENDS KICK TO OTTAWA

E. Michener, M.P.P., and the Mayor to Lay Protest Before Railway's Department

DON'T LIKE C. N. R. PLANS

Company Have Decided to Sidetrack Red Deer, and Red Deer Is Angry

(Special to The Capital)

Calgary August 5.—A deputation from the town of Red Deer, consisting of Mayor McKee and E. Michener M.P.P., passed through Calgary last night for Ottawa. The object of the delegation is to represent the interests of the town of Red Deer before the department of railways when the Canadian Northern Railway Company asks for the approval of its plans for the Stettler to Brazeau line.

In conversation, Mr. Michener stated that the line is being built on the Alberta Midland Railway charter, the bonds of which are guaranteed by the Alberta government for a distance of sixty miles. This charter is for the line to pass through Red Deer from a point at or near Content.

The C.N.R. has evidently abandoned its intention of crossing the C. and E. line at Lacombe and instead want to cross the C. and E. between Red Deer and Blackfalls and swing around to the South-west of Red Deer and then Westward to Rocky Mountain House.

The route for which approval is asked crosses and re-crosses that of the Alberta Central Railway now under construction, and for a long distance parellels that line within a couple of miles.

When Mr. M. H. MacLeod, general manager of the C.N.R. was in Red Deer a short time ago he stated that it was the intention of the company to build a spur into the town, but that the engineering conditions were such that it was not feasible to run the main line closer than four or five miles.

It is to protest against the town of Red Deer being side-tracked by this line that Mr. Michener and Mayor McKee will appear before the deputy minister of railways at Ottawa. "We do not think," said Mr. Michener, "that it is the policy of the department of railways to allow a road to change its route and pass within 3 or 4 miles of an old established and

FRISKY "FRITZ" HAD EXCITING VOYAGE

He's a German Dog and He Travelled All the Way From Germany Here

A much travelled dog is "Fritz," who has come all the way from Germany with his owners, a newly married couple named Mr. and Mrs. J. F. Knoedler, who arrived at the immigration hall yesterday. Fritz is a peculiar looking animal, very small, but also very intelligent. He is quite conscious of the fact that he is out of the ordinary and one would quite reconcile him with one of P. T. Barnum's animals, which Barnum claimed to be a cross between a bull dog and a Hungarian sparrow.

Mr. and Mrs. Knoedler are unanimous in the statement that he is a "dear dog," but others of their nationality, who came over on the same boat, say that he was more anxiety to the passengers and the crew aboard the boat than a cargo of monkeys. Not content with chewing large holes in the scenery in his immediate vicinity, which might be hung out on the deck to dry, he became too intimately acquainted with a pet parrot, which belonged to a spinster who was on her way to meet relatives, and who prized the green backed talker very much.

Mr. and Mrs. Knoedler and the inimitable "Fritz" will go on a homestead in the Edmonton district, where the canine will be at liberty to chew holes in the prairie and chase gophers to his Fritzy content.

WHEAT FROM INNISFREE

Mr. James Hunter Brought in Some Fine Samples This Morning

Some very fine specimens of winter wheat grown by Mr. William Dunsmore at Innisfree were brought to town by Mr. James Hunter, who is staying at the Windsor. Mr Hunter says that the crops at Innisfree are coming on wonderfully and every one expects that there will be a good harvest. The harvesting there will begin sometime next week.

The samples which he showed came from a sixty acre field which would in the estimation of Mr. Hunter yield at least thirty-five bushels per acre.

ETHEL LENEVE TURNS

Burst Into a Rage When Crippen's Name Was Mentioned

Quebec, Que., Aug. 5.—Ethel Leneve has turned against Crippen, and the authorities here believe that she will confess soon. She burst into a rage when his name was mentioned this morning.

London, Aug. 5.—Positive evidence that the body found in Hilldrop Crescent is that of Mrs. Crippen has been secured as the hair found is identified as hers.

ENTRIES POURING IN FOR THE FAIR

Night Shifts Start to Work on Extra Buildings to Hold the Exhibits

A record was broken this morning in the exhibition offices when 87 entries were received by mail and 26 locally. The increasing number of entries have made it necessary for the exhibition authorities to put up additional building for the accommodation of hogs

Last night a night gang were put on the construction of the grand stand and the night and day shifts will be continued until the stand is finished.

The management have also decided to have an extra fireworks display and the Hamilton firm who are supplying the fireworks are arranging for the extra program.

The C. N. R. and C. P. R. will have a telegraph office at the grounds for the use of visitors, while the Imperial Bank will have a branch of their bank to accommodate any who wish to do business at the exhibition. There will also be facilities for posting letters.

SEVEN LOSE LIVES WHEN HOUSE BURNS

Five Men and Two Women Suffocated in Their Beds By the Smoke

New York, August 5—Seven lives were lost early to-day in a fire which destroyed a three-storey lodging house in the foreign section of Jamacia, Long Island. The blaze started in a hall-way, the only exit, and spread so rapidly that few of the inmates had any chance to escape. The lodging house was occupied for the most part by poor workingmen employed in the neighbourhood. The owner, George Dunbeck, and his household escaped safely in their night clothing by jumping from the windows to the streets. The dead are five men and two women, all foreigners. They were alll suffocated in their beds by smoke.

In the same period there were 103,798 departures of aliens and citizens from the United States into Canada for permanent residence against 50,833 during the previous twelve months

To Inspect Immigrant Stations

Washington, August 5.—Commissioner General Keafe, United States Immigration Bureau, will leave Saturday on an inspection tour of the immigration stations. He will visit New York, Boston, St. John, N.B., Halifax, Quebec, Montreal, Toronto, Lewiston, and Niagara Falls.

CUSTOMS SEIZE TEN TRUNKS OF AUSTRIAN IMMIGRANT

Ten large trunks which have come from Austria are held by the customs authorities here. They are the property of A. Solensky, a Galician, who refuses to pay duty on them, and who thinks that an imposition of duty on the contents of the trunks is an injustice. Moreover, he says that he is without funds.

Lost His Trunks

Solemsky arrived about two months ago and registered in the usual way at the immigration hall. His baggage did not arrive with him and after an interval of a week or two he applied to the immigration authorities for assistance in locating his property. It was only the other day that it was found that the trunks were in the custody of the customs authorities, and that they had no name on them, the customs people being at a loss to know the identity of the owner.

Gorgeous Apparel

Two of the trunks were opened and an array of goods, such as would satisfy King Solomon and all his satellites, met the gaze of the officials. In one trunk, which is five feet long and three feet high, was found ten sheepskin overcoats, five of which were brand new. Besides these there were a great variety of fancy goods, such as shawls and headgear for women, of as many colors as Joseph's coat. The goods were very tightly packed and the trunk was bound by iron bands, to keep it from bursting. In the other trunk that was opened there was also a collection of apparel. It is estimated that these two trunks alone contained goods to the value of $500.

Worth About $2,500

The other eight trunks were left closed, but it is possible that articles of equal value are contained therein. At that rate the value of all would be in the neighborhood of $2,500, but Solemsky still insists that to charge him duty is an injustice.

Calls Them Settler's Effects

Solemsky says that he was told that settlers' effects were not dutiable and says that all the articles contained in the trunks are for his own use. In view of the fact that it is almost impossible to wear out an Austrian sheepskin coat in a life time, and Salomsky has ten of them, his statement can hardly bear weight. Moreover, as he is not married, the customs authorities wonder what he wants with a shopful of women's apparel.

It is quite probable that if Solemsky does not come across with the duty on the goods, they will in accordance with customs regulations, be confiscated and sold by auction.

SOME EARTHQUAKE SHOCKS RECORDED

Lasted for a Period of Over Forty-Seven Minutes—A Long Way Off

Washington, D. C., Aug. 5.—Heavy earthquake shocks were recorded on the seismograph at Georgetown University last night, lasting for a period of 47 minutes. The shocks began at 8.46 p. m. and continued until 9.32. Indications were that the centre of the disturbance was about 2,000 miles from Washington.

THE DEGRADATION OF SPORT

We have heard a great deal about the degeneration of athletics in the country to the south of us and considerable alarm has been expressed because Canadian sport has modelled itself so largely on that of our neighbors. Truth compels us to admit that in some of our distinctively Canadian games, demoralizing tendencies are more evident than in those which we have borrowed from the United States. At the time of the last Olympic games, the ideals of American and British sports were brought strongly into contrast and a man who figured in certain events there was the centre of the discussion. We refer to James E. Sullivan, president of the Amateur Athletic Union of the United States. As this subject is one of widespread public interest, an article on Mr. Sullivan by James B. Connolly in the Metropolitan Magazine is well worth noticing.

According to Mr. Connolly, the only thing athletic about James E. Sullivan is his name. He was never an athlete, amateur or professional. So far as is known he began as an advertising agent for a small publication that was a sort of catalogue of the A. G. Spalding sporting goods. Sullivan was then a humble employee of the Spaldings, for whom he is now manager, and the Spaldings' interest in athletics is far from being an "amateur" one. They are in business to sell their goods, their baseballs, their running shoes and their other athletic implements. This very fact, without any more evidence or the drawing of a single deduction, should be sufficient to disqualify Mr. Sullivan. But when the A.A.U. was formed, Mr. Sullivan was made secretary of the organization, and as it has grown in strength so has he grown, until he is the paid president of an alleged amateur organization, and the boss of athletics in the United States.

The charge against Sullivan is that he used the Amateur Athletic Union as a club to terrorize athletes into buying Spaldings' goods. If they use some other manufacturer's running shoes they find that, under some pretext or other, their records are not sanctioned. If they use the Spalding shoes they find the timer presenting them with as many world's records as they care to go after. Commenting on this charge a writer in the Spokesman Review says that Sherring, of Hamilton, told him that the intimate relationship between Spaldings' shoes and records was a standing joke at the Olympic games in Athens. The competitors knew that if they did not patronize the sporting goods trust their records would be thrown out. A cast in point was the discus throw by John Carrells, of Michigan. The Olympic records give Garrels credit; the A.A.U. does not. Garrels did not use a Spalding discus.

Here we come to the whole secret of the scandalous squabbling over the contests at the Olympic games in 1906 and 1908. The quarreling began on the course at Athens, and was continued for months and even years after in the sporting columns of American and English papers. Listen to what Mr. Connolly says about Matthew Halpin, who, though incompetent, was named by the A.A.U. as manager and trainer of the American athletes in 1906: "He was also implicated with the Spalding agent in the 'steal' of the 1,500-metre walk, wherein George V. Bonhag, a good runner, but who had never walked a race in his life before, was rushed to the mark and won an Olympic championship from the fastest walkers of England, France and Canada; and as our man was hissed while 'sprinting' the corners and missed when he ran off the track, so were the multitude still hissing when our flag was raised aloft for the 'victory.'

"How was it done? Well, the 'manager's' boss, Sullivan, the Spalding agent, was chief judge of walking. And Halpin 'tipped off' Bonhag that it would be safe to 'skip the corners.' These and a few other things made our name a byword among European athletes two years ago. And that feeling against us accounted for much of the ill-will shown our athletes by the English officials in London two years ago. The English papers after the meet at Athens in 1906 were filled with charges against Sullivan and the manager, and good ground there was for the charges. The space devoted to the charges in American newspapers was not enough to notice, but Spalding was carrying a good bit of advertising in American publications at that time." Mr. Connolly gives many other instances of Sullivan's policy, and no doubt our local athletes could substantiate much of what he says."

Professionalism in sport has its drawbacks, but it is infinitely preferable to amateurism of this character.

WHO'S WHO IN THE BIG PROCESSION

List of Carriages and Those Who Will Ride in Them Next Tuesday Morning

Many cities and towns have already shown their loyalty to Sir Wilfrid Laurier, including the capitals of two other provinces, and the time is now approaching when Edmonton, the capital of Alberta, must pay homage to the greatest Colonial statesman. From present appearance it looks as though will uphold the honor of Alberta in the extent of its welcome, and probably, in consideration of the extensive preparations made, Edmonton's tribute will excel in every line the celebrations of the other municipalities.

The latest announcement in connection with the reception is that there will be a parade of the business men on the arrival of the Premier. According to the arrangements the route will be as follows: C.N.R. depot to Second Street, to Athabasca Avenue, to First Street, to the King Edward Hotel.

The order of the procession will be as follows: Marshall, 101st Regimental Band, open cabs containing the visitors and other prominent public men, Citizens' Band, open carriages for other public men, and the Pipe Band.

The carriages will be in the procession in the following order and will be occupied by the following gentlemen:

First cab: Sir Wilfrid Laurier, Lieutenant Governor Bulyea. Premier Sifton, Mayor Lee.

Second cab: Hon. Geo. P. Graham, minister of railway and canals, Hon. C. W. Cross, Jas. McGeorge, president of the board of trade, Ald. Miller.

Third cab: F. F. Pardee, M.P., chief Liberal Whip in the House of Commons, Hon. Duncan Marshall, minister of agriculture, Ald. Gariepy, Geo. B. McLeod, president of the Liberal Association.

Fourth cab: E. M. MacDonald, M.P. for Pictou, N.S., Hon. Frank Oliver, minister of interior, Hon. C. R. Mitchell, attorney general and minister of education, Ald. Lundy.

Fifth cab: Senator Roy, Hon. Arch. McLean, provincial secretary, W. H. White, M.P. for Victoria, Ald. Armstrong.

Sixth cab: Senator Talbot, Jas. Douglas, M.P., for Strathcona, Ald. Mould, C. F. Race, president of the Young Men's Liberal Club.

In the carriages following these the following gentlemen will ride: R. L. Shaw, M.P.P., J. C. Dowsett, Dr. Clark, M.P., Peter Gunn, M.P.P., Frank L. Day, F. A. Walker, M.P.P., A. Bramley-Moore, M.P.P., C. Ross Palmer, C. Olin, M.P.P., Chas. May, F. B. Sommerville, Jos. Stauffer, M.P.P., Joe Adair, R. T. Telford, M.P.P., S. H. Smith, J. A. Simpson, M.P.P., W. F. Puffer, M.P.P., Dr. Campbell, M.P.P., J. B. Holden, M.P.P. and others.

The occupants of these carriages are subject to change but the present arrangements are as above.

FRUIT RAISED IN ARCTICS

An interesting fact about Russia is that in many of its coldest provinces fruit growing is an important branch of industry. In the province of Kazan where the mercury in winter sometimes falls as low as 60 degrees below zero, apples are grown in large quantities at a profit.

In the province of Vladimir, which is almost as cold as Kazan, cherries of excellent quality are raised in great abundance. Both apples and cherries are shipped from these provinces in large quantities.

In these high latitudes fruit trees are unusually small, being not over eight feet in height, and are planted very close together. Their low, branching limbs are usually loaded with luscious fruit, and the crops are seldom injured by winter freezing.

ONLY ESPERANTO WILL BE SPOKEN

At Congress of Nations to be Held in Washington This Month

Washington, August 5.—The sixth international congress of Esperanto will begin at Washington on Sunday, August 14. Meetings will be held at which the only language spoken will be Esperanto. "As You Like It" will be given in the woods in Esperanto. The 500 delegates from the forty nations to be represented will attend a game of ball at the American League Park. All the rules will be in Esperanto. Some of the decisions will be announced in it.

Friends of Esperanto say it has been making progress in the United States. It has been taken up by scientists, linguists, teachers, public men and commercial houses. At its last session the Maryland Legislature passed a law permitting the study of Esperanto in the public schools.

Owing to the use of the term "universal language" many have been misled into the belief that it was intended to substitute Esperanto for all other languages. That this is erroneous will be emphasized at the congress. Its author, Dr. L. L. Zamenhof, of Warsaw, Poland, will first in English, and then in Esperanto tell what he had in mind when he prepared the first text book and what associations all over the world have been advocating since then. He will point out that Esperanto is meant to be a language to be used at international peace conferences, between business men in different countries, and in all cases in which a common language is lacking.

The teaching of the language in the public schools of this country and abroad will be the principal topic during the congress. It is believed by the leaders that through the children in the schools success is to be obtained. It is declarded by the advocates of the language that in the study of English and foreign tongues the knowledge of Esperanto will be of more value than Latin or Greek. Missionary work to this end will be planned.

Another thing that will be emphasized at the meeting is the use of the language to bring nations and races closer together. It is pointed out by Ivy Kellerman, Ph. D., author of several works on Esperanto, that Esperanto will help to bind nations together and dispel the doubt with which races regard each other. She will deliver an address along these lines, pointing out the difficulty of travel abroad under the old conditions and the ease with the use of Esperanto by many foreigners.

While the congress will not be convened until Sunday, an informal reception and concert will be given Saturday night, August 13, at the Arlington Hotel. All the vocal exercises will be in Esperanto.

On Sunday morning church services will be held in Episcopal and Catholic churches. The Rev. James L. Smiley of Annapolis, and the Rev. Paul Hoffman of Baltimore will preach. The sermons will be in the new tongue. In the evening there will be a concert, the vocal parts being repeated in Esperanto.

On Monday the first business will be conducted. Dr. Zamenhof will deliver an address, after which the governmental delegates will be presented. On the following day there will be business meetings, diversified with excursions and entertainments. On Saturday the congress wil come to a close with business meetings and the election of officers.

LOCK THE JURORS UP.

Jurymen Often Tampered With in England—Return to Old Method Advised.

George Elliott, K.C., the great English criminal lawyer, who among other famous cases defended young Raynor, who murdered Wm. Whiteley in London two or three years ago, adds the weight of his authority to the statements now current in legal circles in the old country that jurymen are frequently tampered with.

"There is no question of the integrity of the officials who deal with juries," said Mr. Elliott, "but in spite of their precautions, jurymen are often 'got at.' I know as a fact that men sometimes personate other people on juries. At one time men used to have certain counts to offer to serve in place of jurymen who were summoned, of course, without the knowledge of the officials.

"I have had cases myself at the Old Bailey in which I know jurymen have been corrupted by the defence. I am quite sure that constant attempts are made to corrupt juries. Some friend of the prisoner, who would perhaps be in a difficult position himself if the accused person were found gilty, is usually willing to use every possible means to get a friend off.

Nice Men They Meet.

"There was a case in which I was engaged. It lasted several days. The foreman of the jury used to travel to his home every evening by train. One day he was seated opposite to a genial well-dressed man who was reading a report of the case. The man remarked casually, that it was an interesting trial. Curiously enough, he was in possession of some information regarding the prisoner. The foreman drank it all in. The result was an acquittal.

"On another occasion that I know of two of the jury who were at luncheon were drawn into conversation by an affable stranger, who gave them much information about the case they were trying. The jury disagreed, and, as in such cases the tendency is for a second jury to favor the prisoner, he got off. He was undoubtedly guilty.

"Another instance was that of a trial lasting many days. The jury disagreed—eleven to one. A second trial followed. It is certain that during the first trial witnesses for the defence got into communication with one of the jurymen who disagreed with his colleague in circumstances that could only admit of one possible interpretation."

Hard to Prove.

It is extremely difficult to bring proof that a juryman has been tampered with, and consequently very few cases have been made public. Mr. Elliott added that it was still more difficult to prove that a juryman had been bribed.

Asked what remedy he would propose, Mr. Elliott favored a return to the old system by which a jury was completely isolated until the conclusion of thhhaaay ohyb h bz to sion of a trial. "There is," he said, "magnificent accommodation in the Old Baily. It would be quite possible to provide jurors with smoking rooms, billiard rooms, dining rooms, and in cases where it was necessary, with bedrooms. Then in important cases jurors would not leave the building and would be saved from the attentions of interested parties."

BIG PRICE FOR BABY ORCHID.

Beautiful Exotic Sold for $2,600—Another Fetches $1,250.

If you had seen in the marriage announcements in the Telegram the other day the wedding notice of Crispo Harry Anun to Rossi Reubens, probably beyond passing a remark on the funny names of the couple, you'd have paid little further attention to the matter.

Yet their offspring was sold at the Royal Horticultural Society's Show at Holland House, Kensington, the other day for $2,625.

The name of the promising child is Odontoglossum Smithi, and it is a particularly beautiful garden-bred hybrid orchid.

Baby Odontoglossum Smithi was surrounded by an admiring crowd. It's proud owners, Messrs. Charlesworth of Haywards Heath, London, England, were almost tired of pointing out the expensive infant, with its long slender stalk bowed with graceful lily-like blooms in shades of magenta.

Another expensive orchid was Cattleya Mendelli Alba, a pure white variety with a throat splashed with gold. This was sold for $1,250.

But one gorgeous bloom put the new ones in the shade so far as color was concerned, although the modest sum of $125 would have bought it. It was the exquisite Zoelicoatteyo Vesta. The petals of this flower are tawny or orange, streaked with rose, while the labellum is a gorgeous shade of rose, the column and throat showing a tinge of orange.

If you are undecided as to whether you will be a philanthropist or an orator, remember that the voice does not carry so far as the hands nor nearly so much.

J. H. MORRIS CO. WON THE GAME

Defeated Johnstone Walker Co. by 9 to 1-Only Four Innings Were Played

The J. H. Morris Co. last night won their third victory this week when they defeated Johnstone-Walker Co. by 9 to 1. The Morrisites have already beaten a team of wholesalers and the bankers, and have a game arranged for Tuesday morning.

The light was very poor last evening and seriously interfered with the play of both teams. By the time four innings had been played, Umpire Tom Rookes called the game on account of darkness.

The Morris aggregation batted and fielded excellently, while Garnet Morris displayed some classy curves. Cunningham pitched nicely for Johnstone Walker, but his effectiveness was marred by indifferent support.

It looked for a time like a whitewash, but in the third, Flavin tore off a screaming three-bagger to right field and scored on Smailes' safe hit.

Score by innings:

W. J. Walker 0 0 1 0—1
J. H. Morris Co. 2 3 3 1—9

The line—J. H. Morris Co.—H. Morris, th.; Bolander, s.s.; Devitt, 3b.; G. Morris, p.; Renton, 2b.; J. Hernick, c.; J. Mitchell, rf; C. Banford, lf.; L. Mitchell, c.f.

W. Johnstone-Walker Co.—Brock, 1b.; Stewart, 3b.; Flavin, c.; Smaile, s.s.; Brock, 2b.; Cunningham, p.; Thompson, lf.; Harwood, r.f.; Adams, c.f. Umpire, Tom Rookes.

ST. GEORGES AND CALLIES

There promises to be a record crowd at Diamond Park this evening, when St. Georges and Callies A. meet in the play-off for the Division A. championship. The grounds are in splendid shape, the grass being closely cropped, and both teams will be able to work their combination play to good advantage. Kick-off at 7 p.m.

CAN LONGIE BE THE HOO-DOO

He Umpired at Winnipeg Last Night and Eskimos Were Severely Trounced

Winnipeg, Aug. 5.—Winnipeg ran away from Edmonton with an easy victory last night by a score of 8 to 1. Syfort held the enemy safe all the way and though they got more hits off him than the locals did off Hickey and Cox, they were scattered so well that only two of them figured in the scoring. Morse pulled off three straight drives. The Maroons played winning ball all the way, hitting in pinches and their daring base-running simply bewildered Deacon's crew. Double steals and the hit and run play were pulled off nearly every time tried by the Winnipeg team.

JENNINGS TURNS DOWN DEAL

Detroit Manager Said to Have Refused Washington's Bid of Four Stars for Tyrus Cobb

Boston, Mass., Aug. 5.—It is learned here on the best of authority that Manager Jennings of the Detroit American League team recently turned down an offer for Tyrus Cobb, which if it had gone through would have completed one of the greatest deals of baseball history. Manager McAleer of Washington offered to trade for Cobb, Johnson and Street, his star battery; Gray, another good pitcher, and Milan, his star outfielder. Jennings however, thought Cobb was greater than all four men put together and too big a drawing card to let go under any circumstances.

A TRAGEDY

Calgary Herald, Aug. 3. Three o'clock:

—"The rejuvenated Maroons seem to be about as easy for Calgary as they ever were."

Later: Telegraph dispatch.—Winnipeg 4, Calgary 3.

Curtain. Orchestra plays softly: "We'll wed when eggs are cheaper and butter's not so high."

FOOTBALL HERO WAS BADLY HURT

Though he Had Survived a Score of Heart-rending Battles, a Slight Fall Severely Damaged Him

Lawrence, Kas., August 5.—"Tommy" Johnson, quarter back and captain of the University of Kansas football team, hero of a score of limb rending battles, who has been stepped on, trampled on, kicked, mauled, thrown viciously on his head, neck, and back; who has passed through all these unscarred, fell recently and fractured his right wrist.

The fracture will prevent the athlete from training this summer. It may keep him out of the early scrimmages at the opening of the football season in September.

"Just hard luck," says this young man, whose elongated frame has withstood the assaults of husky opponents myriads of them, through two football seasons, three basketball seasons and baseball games and track meets without number.

It was bright daylight. He stepped off the curbing and fell. His arm doubled up under him. The wrist snapped.

ON THE WATER WAGON

St. Louis, Mo., August 5.—George Edward ("Kube") Waddell, pitcher of the St. Louis American team, was reinstated by President Hedges today after he had successfully defended in police court the charge that he had violated the temperance pledge he signed a month ago. Waddell has reported to Police Judge Pollard almost daily for thirty days to show that he had not violated the pledge which he gave to escape a fine of $150. Waddell will pitch one of the games against Cleveland tomorrow.

A RUGBY LEAGUE

It Is Proposed that Lethbridge, Edmonton and two Calgary Teams Form a Circuit

Calgary, Aug. 5.—Pierpont Wood, who played quarter on the champion Tigers last year, has suggested a big four Rugby league for Alberta this year comprising two Calgary teams, one Edmonton and one Lethbridge team. This is a good suggestion as games against outside teams are always more interesting to spectators and consequently insure a much bigger gate.

BEST IDEA FOR 1911 BASEBALL

Compose a Circuit of Calgary Edmonton, Lethbridge, Butte, Helena and Grand Falls

A correspondent to the Albertan, B. B. Phan, has made the best suggestion we have yet seen in regard to a league for next year.

Mr. Ryan starts off by saying that the weak sisters of the league, the Manitoba and Saskatchewan teams, should be cut adrift. He says: "Brandon isn't up to much, while Winnipeg has to have a winner to be an attraction, at home or abroad.'

Here is his suggestion:

"Take in Edmonton, Calgary, Lethbridge, Great Falls, Helena and Butte. The distance from first to last would be something like 700 miles, while the distance from Winnipeg around the circuit and back is over 2,000 miles.

Sunday Baseball

"In the league I describe there would be Sunday ball across the line, which would be an advantage from a financial standpoint. From a publicity standpoint a league of this kind would be much more valuable than the other.

"The league is convenient and the jumps are not very long. Look it over. Edmonton to Calgary, 200 miles. Calgary to Lethbridge, 125 miles. Lethbridge to Great Falls, 200 miles. Great Falls to Helena, 125 miles. Helena to Butte, 80 miles."

OLSEN WITH WINNIPEG

Ole Olsen who was once an Eskimo of heap big reputation has again changed his address. A deal was put through yesterday by which Miller goes to Lethbridge and Ole takes his other collar to Winnipeg.

FLAG WINNERS ALWAYS REPEAT

Winners in National League for Last 18 Years Have Been Repeaters-Can Pittsburg do it?

New York, August 5.—It is an interesting and extraordinary fact in connection with the championship of the National league, that since 1890, the year of the Brotherhood war, there always has been a "repeater" for the title. The explanation of that phrase is that a winning team has won the championship at least two years in succession.

This is the record: In 1891, 1892, and 1893 Boston won the championship. In 1894, 1895 and 1896 it was captured by Baltimore. In 1897 and 1898 Boston won again. In 1899 and 1900 Boston earned the pennant. In 1901, 1902 and 1903 Pittsburg was the successful club. In 1904 and 1905 the Giants busied themselves and won. In 1906, 1907, and 1908 the much coveted five yards or so of bunting was captured by Chicago.

In 1909 Pittsburg won. Now the question before the fans is whether Pittsburg can do it again.

Is the precedent of eighteen years to be continued, or are the clubs of the National league smart enough this season to bring about another result?

There was not such a long period of "championships repeated" prior to the victory of the Brooklyn team in 1890. In 1888 and 1889 the New York club had the habit" but Detroit earned a single pennant in 1887, after Chicago had been the chabpionship organization in 1885 and 1886.

Prior to Chicago Providence had the championship for a year, in 1884, and Boston won it the year before—1883. In 1880, 1881, and 1882 Chicago captured the flag. The Chicagos were the first team in the National league to win three years in succession, and to date have been the last team to win three years in succession. They tried hard enough to make it four years in 1909, but Pittsburg was too much for them.

Providence won the championship in 1879, and Boston was the first team to start the habit of winning two years in succession, when the pennant was captured by the nine from the Hub in 1877 and 1878. The first winner of a championship of the organization was Chicago, in 1876.

It will cost the Calgary Callies nearly $2,000 to make the Toronto trip to defend the People's Shield. "Parker" is not a popular toast in the southern city.

WHY DO YOU CALL IT JEFFRIES?

Negro Named His Dog Jeff. Because It Was Yellow-The Result Was Horrible

New York, Aug. 5.—"Lie down there, Jeffries," said Edward Coleman a negro, addressing a yelow dog that cowered at his feet, at Willoughby and Gold streets, Brooklyn, last night, as James McDermott, John Dermody, J. J. Nelson, Annie Keldun and Nellie Garry were passing the corner.

"You have your nerve with you," said McDermott, "to call that dog Jeffries."

"Why didn't you call it Johnson?" sneered Dermody.

"Johnson is black and this dog is yellow, that's the reason," said Coleman, with a grin.

Then came the knockout

Coleman told Magistrate Tighe in the Adams street court today that all three men struck him at once and he fell to the ground. He said that as he attempted to rise the two women beat him with their parasols and the men kicked him. The five assailants were held for trial.

Coleman said that during the excitement his dog ran away.

WHY DOES THE UMPIRE—

"Charley, dear," said young Mrs. Torkins, "why does the umpire wear a chest protector this warm weather?"

"Well," he replied, slowly, as a what's-the-use expression crept into his eyes, "you see, an umpire has to take care of his health. Every once in a while, when he gives a decision, the catcher comes down and helps the pitcher say something and a lot of the other players join in. When all this conversation starts, the draught the umpire stands in is something dreadful."

MANITOBA XI SURE WINNERS

Have Practically Cinched the Cricket Championship at Winnipeg, Alberta is Last

Winnipeg, Aug. 5.—Manitoba practically cinched the Western cricket championship yesterday by defeating Saskatchewan in one of the closest and most exciting games ever played in the West. As it was, Manitoba only succeeded by seven runs in two innings, game full of thrills from start to finish. Saskatchewan owed their loss to a couple of bad catches at critical times although otherwise both teams fielded cleanly and well. Manitoba won the toss and going in first scored 86 runs. Saskatchewan followed with 90. Vidal being top score with well played 29, Goldie 14 and Hawke 12. Manitoba in the second innings could do nothing with Saskatchewan trundlers which looked easy for Saskatchewan.

However, Reynolds and Smith, Manitoba's bowlers, were even more deadly and Saskatchewan only responded with 35 runs in the second essay, seven short of winning. Saskatchewan being 8 wickets down for but 24, when the last two batsmen made a desperate but unavailing effort to pull the game out of the fire.

Alberta and Winnipeg match was almost equally exciting. Winnipeg finally winning by ten runs, final being 144 to Alberta's 134. McIntosh, for Winnipeg, played magnificent 60, the top score of week, while Wright hit 28, Alberta's top scorer, who batted hard for 36. Downing making 26 and Bryan 17. Outside of McIntosh and Wright, Winnipeggers could do little with Spick's bowling.

Standing of the tournament is now: Mantoba 4, Saskatchewan 2, Winnipeg 2, Alberta 0.

Had Saskatchewan won today, they would have tied Manitoba but as it is the championship will almost assuredly remain with Manitoba.

Don't forget the big football match. St. George's and Callies A. at Diamond Park tonight. Game called at 7 o'clock, sharp.

EASY MONEY FOR JACK JOHNSON

He Has Abandoned European Tour and Has Received 30 Week's Engagement in America

New York, Aug. 5.—Jack Johnson has cancelled his European engagements and will stick around the United States for 30 weeks more. The champion signed a contract with a theatrical company yesterday for 30 weeks at $3,000 a week, thinking it a better offer than he had from the other side. He had already arranged to do Dublin, Paris, London, Vienna and a few more villages, but upon second thought took the offer for a tour of the United States, and forfeited $5,000 to the agents on the other side of the pond.

"I had some great offers from the other side," said Jack tonight, "and I would like very much to go over there, but right here I'm more at home and though the $90,000 for that tour was a bear of an offer, I want to get some of these great motor car drivers from this side in a few contests, and then if I cop the title on this side I'll go over and clean those birds up on the other side."

GOLD TOOTH AIDS DOG

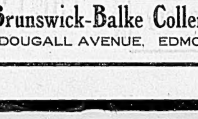

"Duke Loses His Incisor in One Scrap, Has it Crowned, and "Comes Back" in Next Battle

Spokane, Wash., Aug. 5.—"Duke" a prize bulldog owned by R. W. Llewellyn, of Spokane, has "come back" after a brief retirement from the pit, winning a long drawn battle with the aid of a gold crowned tooth that had been broken off on the collar bone of an earlier opponent. Before the cement had hardened in the lower incisor "Duke" was turned loose and soon engaged in a fight with a big mongrel. He aded another leaf to his laurels, and on examination of the tooth disclosed the fact that the golden crown was firm and in place. The dog appears to be proud of the yellow tooth, and when it smiles in a doggy way the grin is even more golden than the one which made Jack Johnson famous in his battle at Reno.

SIR WILFRID NOW IS AT MOOSE JAW

Given Hearty Welcome There Yesterday—Addressed the American Settlers

Moose Jaw, Aug. 4.—Sir Wilfrid Laurier and his party were accorded a hearty welcome this afternoon on their arrival from Weyburn. Brief stops were made and short addresses given to interested audiences at Yellow Grass, Lang, Wilcox, Rouleau, Pasqua and other places.

Tonight the Canadian Club gave a dinner whereat Premier Scott, the Hon. Mr. Graham, Pardee and MacDonald, M. P., were the principal speakers. Tomorrow a civic reception in the afternoon and a public meeting at night, with sightseeing, is the modest program.

Addresses American Settlers

At Yellow Grass, the Premier addressed himself particularly to the American settlers, exhorting them to take part in the public life of the new home land and identify themselves with one of the great parites "Better that you should join the wrong party," said the Premier with a smile, "than no party at all."

The Premier impressed on them that they could do much to improve the relations between the nation of their birth and of their adoption, declaring that an alliance defensive and offensive between the British Empire and the American Republic would in his (the Premier's) opinion, result in a state of world affairs under which not a single gun could be fired without their joint permission.

The Premier reiterated that British preference would remain a part of the government policy, but said he could conceive a wide field for reciprocity.

Graham on the Lords

The Hon. Mr. Graham said he considered that the Canadian constitution was preferable to that of Britain. The method of appointment to the Senate may be faulty but he objected to a man being born to the Legislature, and instanced as discreditable some of the peers, who recently came to vote and did not know their way into the house.

Before leaving Weyburn, the premier congratulated them on the fact that politics did not obtrude in municipal matters.

Addressing the Moose Jaw grain growers, the premier re-affirmed his personal adherence to English Liberal fiscal policies, and professed himself a strong Gladstonian. He assured the grain growers that their views were the government's ultimate end, and regarding patronage he said that the civil service commission and the work of reform were only beginning, and "we intend to extend it to all parts of the service."

THE LITTLE THINGS

"I don't want to be nagging at you," Mrs Marryat began, "but it's the little things that bother me most—"

"Ah!" interposed her husband, sweetly, "I suppose you're going to tell me you haven't a decent pair of shoes?"—atholic Standard and Times.

ONE-SIDED GAME

Judge (sternly)—"Three times in a month! What do you make of this?"

Rastus (apologetically)—"'Deed an' I don't make nuffin', sir. You fellahs up here sems to be de on'y ones dat makes anything of haulin' me up heah."—Ladies' Home Journal.

TORONTO ATHLETE DROWNED

Merton Kent, Well Known Argonaut, Rugby and Hockey Player, Lost Life

Toronto, Aug. 5.—Merton Kent and Al Pynton set out this morning for the Canadian Henley in a 26-foot motor launch of the Argonauts. The engine bucked and the wind having driven up a heavy sea, they, in mid-lake, asked the Garden City, which was on its regular trip, for a tow. The tow rope, however, parted as the steamer got up speed, and with the wash from the screw and the seaway the boat was whirled about and threw Merton Kent overboard.

Kent was a strong swimmer, but the launch was uncontrollable, and before the steamer was stopped and a boat was on the scene, he was drowned. The steamer took Paynton aboard and turned the launch adrift.

Kent was an all-round athlete, playing hockey with the Toronto Rowing Club, and halfback for the Argo Rugby team, and his untimely end will break up the Argos' senior four and eight, of which his brother is a member.

RACING AT REGINA

Regina, Aug. 5.—Today's racing programme at the provincial fair afforded another excellent afternoon's sport, which was witnessed by a crowd of over 5,000, which filled the two grand stands to overflowing. Specially good sport was provided in the 2.15 class, which was won by Hamona, owned by J. R. Stetson, Calgary. The same owner also captured the 2.25 class with Kotenay. Following is the summary of results:

2.20 pace, 2.15 trot, $500—Hamona, J. B. Stetson, Calgary, 1 1 1; Pathfinder, A. E. Vance, Lethbridge, 2 3 3; King's Parole, J. Dompier, Prince Albert, 3 4 2.

MASONIC TRIANGLE STALLED

Toronto, Aug. 5.—The travelling triangle of solid gold, which was sent out on its journey around the world by the St. Patrick's Chapter, Royal Arch Masons, No. 145, Toronto, has been stalled for some time in Chicago. It has been in New York, Ohio, Michigan, Minenapolis and is now in Illinois, awaiting a send-off. It will be brought back to Toronto and sent east through the other provinces and down the east coast of the United States, or across to England, The Triangle will go to Montreal.

JEALOUSY THE CAUSE

Pittsburg, Pa., Aug. 5.—Dr. George Murray Stewart, one of the most prominent young physicians of the fashionable East Liberty district, was found in his apartments last night shot dead. Beside his body lay that of Edna Wallace, a middle-aged woman. A bullet hole through her right temple was apparently self-inflicted after she had shot and killed the doctor. A revolver lay by the woman's side strengthened the police in this theory.

The double killing comes almost on the eve of Dr. Stewart's marriage to a Virginia girl. The Wallace woman was proprietress of a house at No. 222 Lamber street, and the police believe jealousy of the doctor's coming marriage prompted the double tragedy.

G.T.R. VERY SLOW IN REINSTATING

Men Are Now Getting Impatient and Threats Are Made of Another Strike

Toronto, Aug. 4.—Much dissatisfaction is evident among local G. T. R men, who are waiting about the station and yards for re-instatement to work, which, in their opinion, is too slow. One group noticed that the Montreal train pulled out in charge of certain officials to the men tends to increase this feeling and it is said that the local leaders have written to the effect that if matters are not improved more speedily another strike may be expected.

To Reinstate Them All

Toronto, Aug. 4.—Vice-President Fitzhugh stated here today that all of the old men on the Grand Trunk would be taken back but that the company must have a little time to adjust matters. Over 300 of the strikers on the middle division have returned to work.

The G. T. P. have five hundred pensioners on their pay list who draw $135,000 per year from the fund. It is lucky that the older men, who went out on strike, will be given the benefit of the fund later, though through the strike they have lost their right to it.

To Report on Strike

Ottawa, Aug. 4.—The Labor Department is preparing a report on the Grand Trunk strike, its causes and effects and conditions of settlement "Few people realize how completely things were tied up," declared an officer of the department today.

Not Yet Reinstated

Not one of the striking trainmen on the Ottawa division of the Grand Trunk has as yet been re-instated nor has official word been received of the termination of the strike. Much uneasiness is felt by the men, more particularly as regards their pensions, of which no mention was made in the agreement. The men have been told to register and that they will be taken on as soon as required.

Montreal, Aug. 4.—The reinstatement of the Grand Trunk strikers is going on gradually. It is anticipated that it will be some weeks, if not a month before the main body will be back at their old positions

250 Report at London

London, Ont., August 4.—The 250 men out on strike here have all reported for duty except about 40 who went over to Canadian Pacific railway where they expect permanent employment. None of the strikers have as yet started to work and all trains today went out in charge of strike-breakers.

GRAND FIREWORK PROGRAM.

That Has Been Specially Prepared for The Edmonton Exhibition.

Among the many special features which will be provided for the entertainment of visitors to the exhibition will be the grand pyrotechnic display which will be put on before the grand stand on the first, second and fourth evenings of the fair.

The set pieces includded in the program for the first evening are a transformation star wheel, the pigeon house and fiery pigeons fly out from a distance of 100 feet from a pigeon house and then return to it; the electric storm a most amazing display that combines in one number all the electrical effects, such as, fountains of silver, trains of silver dust mingled with a continuous discharge of storm bombs and lightning flashes which seem to come from every part of the sky at once: contra revolving wheels, two very large wheels upon a common centre revolving in opposite directions and radiating crystal fire to a great distance; the Greek garden or terrace of golden fountains and poppies, a set piece over 300 feet in length consisting of ground fireworks on large scale produced from large number of fan-shaped devices designed to fill close great space. From the centre of each rises a very large golden geyser which throws corruscations to a height of twelve feet, while the other sections of the fan throw out stars of every known variety; a firework tapestry device which solidly fills a space of 2000 square feet with streams and spangles of gold and marvellous centres of color: Niagara falls by moonlight, a long fall of silver electric dust dropping from a great height and filling a vast space with the most intense light that is known. These set pieces are interspersed with displays of rockets, bombs, and balloons, the program concluding with a mammoth section piece, "The Earth's Fruits to the Sower," a beautiful picture in colored lancework showing a plough and wheat sheaves together with some of the earth's fruits, all in natural colors. This device is accompanied with a motto in colored fires: "The Earth's Fruits to the sowers."

160,000 IMMIGRANTS

That Many People Came into Canada During Six Months

Ottawa, Aug. 5.—A hundred and sixty thousand immigrants came into Canada in the six months of the calendar year up to June 30th.

The final figures are not yet ready at the department, but the above is the approximate total. Of this number, the American proportion is about 90,000, and 70,000 from British and continental sources.

Rainbow to Sail August 20th

According to the latest advices, the cruiser Rainbow, of which the complement of officers has just been announced, will sail for Esquimalt on August 20th. It will take two and a half months to make the voyage. The Niobe will not come out before September.

It is understood that statistics have been secured from 30 collectors of customs and from agents of the department all over the province, as to the effect of the strike on industry.

FIRES CONTINUE TO RAGE IN B. C.

Loss to Timber Is Now Estimated at Over Three Million Dollars

Fernie, Aug. 4.—The week of the second anniversary of the great fire finds Fernie enwrapped in a curtain of smoke from the forest fires which shuts the sun from view, and at this moment, five o'clock p.m. electric lights have to be turned on to enable people to work in offices.

There is no danger from these fires to any of the towns in this district, but much damage continues to be done to timber, and unless heavy continuous rains set in these fires wil continue their ravages until a blanket of snow falls and smothers them

Fire Warden Wilmot is in today from Corbin and reports fires in many localities, eating their way up the sides of the mountains and getting beyond the reach of the fighters. A report comes from Elko stating that a fire is raging near Galloway, ten miles from Elko.

Lumber Co. Loses

The East Kootenay Lumber Co. is reported to have lost 1,000,000 feet of lumber at their number eight mill, below Moyie, yesterday, together with a steam log loader, and it took hard fighting by a large gang of men to save the mill from the save fate. This is the first serious loss of lumber reported from the district west of here.

There are indications of rain, which may check the fires again, but the loss will continue until a fall of snow comes to effectually stop the fires.

Heavy Losses

The provincial government reported a few days ago that the loss to timber to that date was estimated to be $3,00,000, but it will take much larger figures to express the loss at the end of the season.

The fire department have finished laying a pipe line across Coal Creek, south of town, and have thus completed all possible arrangements to effectually check any fire that might reach the locality, before it could cross the creek and endanger the houses in the park.

H. A. Whiting of Spokane, F H. Clemment, of Victoria, and J. D. McDonald, and J. J Dawson of Calgary, are in town today.

Local People See Fires

H. Macbeth, who, with Miss Jessie, returned yesterday morning from a few days' visit to Nelson, B.C., says that the bush fires were burning badly again on both sides of the tracks all the way from Kootenay Landing down into the foothills on the eastern slope. The loss of timber in this year's fires, he says, must be tremendous He heard from a Vancouver, commercial traveller who left the train at Cranbrook that the same conditions that prevail in the east Kootenays and down the east slope prevail the whole way through to the coast.

TRAP SHOOTNG AT REGINA

Regina Beats Moose Jaw in Team Shoot

Regina, August 4.—The provincial shooting tournament opened today. In the team shoot, Regina defeated Moose Jaw with a score of 79 against 76. Chief interest centres in tomorrow's shoot, when the provincial championship will be decided.

Some women seem to occupy the show windows on the dustiest streets of life and others to fill and freshen the secret places of the heart.

STOP PETITIONS FOR CRIMINALS

Chief Constables of Canada Have Framed Resolutions on the Subject

Vancouver, Aug. 5.—With the selection of Ottawa as the next meeting place, and the election of officers, the Chief Constables' Association of Canada closed its business session here today.

The officers are: Chief Clark of St. John, N.B., president; Chief Chamberlin, Vancouver, vice president; Deputy Chief Stark, Toronto, secretary and treasurer. The executive committee consists of Chiefs Kimming, Niagara Falls; Campeau, Montreal; Col. Sherwood, Ottawa; Chief Detective Carpenter, Montreal, and Chief Langley, Victoria.

Discussion at Final Session

The principal business of the final session of the convention in Vancouver was the reading and discussion of different paragraphs of the executive committee's repot.

The convention spent some time in debate upon the subject of the care of children who show criminal tendencies and delinquent children generally. The convention expressed itself somewhat strongly on the too free use of petitions for executive clemency on behalf of prisoners.

A copy of a resolution covering the whole matter will be sent to the department of justice.

The association delegates left this afternoon for New Westminster and Steveston, and will spend tomorrow in Victoria.

DONKEYS LAUGH NOW

Fresh from the Italian Rivera, where the sojourner's happiness used to be seriously marred by the state of the horses, mules and donkeys, a correspondent writes with extreme satisfaction of the improvements made in a very few years. Good treatment of all working animals is the rule rather than the exception, and this implies a wholesale change of habits and presumably of mind.

WHERE IGNORANCE IS BLISS

"Is it hard to learn to swim?" asked Mabel.

"No," replied Jennie, "but it's so much pleasanter not to know how. There are so many nice men who will volunteer to teach you then."

WAS CRUSHED TO DEATH

Man Killed Before Eyes of Horror-stricken Wife and Children

North Yakima, Wash., Aug. 5.—The body of William Overman, who lost his life as the result of being crushed by a cave-in while working in a quarry, reached North Yakima today.

He was caught beneath a mass of rock which he had loosened while at work in the Patten quaryr near East Selah and was crushed to death before the eyes of his horror-stricken wife and two children who were unable to assist him.

He had asked his family to warn him if the overhanging rocks showed signs of falling. His son Earl saw the mass tremble as his father worked beneath and gave a cry of warning, but Overman was caught beneath the tons of debris. He was doing extra work for immediate delivery of building stone; Overman was 35 years old.

REFINEMENT NEEDED?

Necessary to Raise Tone of Country, Says a Hamilton Woman

From the London Advertiser.

Something new in immigration is proposed in a letter from a Hamiltoa (Ont.) lady to Lady Falmouth, published in the London Times. The writer complains that many of the newcomers are the scourings from London streets—the hangers-on of church charitable organizations—who demand work, but don't want it. She asks:

"Cannot England spare some of her wel-bred and refined people to raise the tone of the whole country? Have you not an army of women of education who could be spared to build up this part of our Empire?"

This sounds like an implied reproach upon our old nobility in Ontario and the Eastern provinces, where bridge, afternoon tea, and other varieties of culture flourish as luxuriantly as in England. Later in her letter the writer qualifies her reference to the tone of the whole country by singling out the West as the region specially in need of imported culture. She adds:

"You know of the hundreds of towns dotting the wide prairies of our great Northwest. Every year they will build more and more, and then the clergyman and his little mission church and the schoolmaster, with the public schools, will come—all so crude and so new—and here is the chance of our 'Frontierswomen.'"

If even the clergyman and the schoolmaster are crude and new, certainly heroic treatment is necessary. If they are unmarried, the chance of the "Frontierswomen" is so much the better. To proceed:

"Suppose four ladies of congenial tastes joined incomes and came out to such a town. Suppose they came out to some English clergymen in the first place, and got a little piece of land and a house. One lady would be musical; let her teach the choir and play the harmonium for services. Another would teach plain sewing or otherwise to the older girls of the district. Another might keep poultry. They would be the props of the new and struggling parish, and the one gentle and refining influence on all the farming life around it.'

The writer concludes by expressing the hope that some scheme may be evolved which will help the idea into a reality. A plan that suggests itself would be the formation in England of a Society for the Promotion of Culture in Canada. Let the society send a travelling secretary to the Canadian West to look over the field, and ascertain by personal observation the communitiesd where sweetness an light are most required, and where refined English ladies may dispose both, and keep chickens on the side. One can imagine the travelling secretary's series of dispatches to headquarters:

Big Quill, Sask.

Social conditions here very distressing. No leisure; table etiquette deplorable; finger bowls unknown, and people eat their marmalade with a spoon.

Goose Creek, Sask.

Worse and Worse. Ladies here answer the door-bells. Noon meal called dinner. Nothing between then and 6 o'clock, which they call the tea hour. Send duke's daughters if possible.

Elmonton, Alta.

Appalling lack of tone even at the capital. Shocked at Government House hall to find I had been introduced and talking to a stenographer. No country gentlemen here; all work their own lands. Classes sadly mixed. Old world culture badly needed.

Pincher Creek, Alta.

Coming home. Cannot tolerate absence of ordinary civilized amenities. Obliged to carry my own portmanteau. Maids refuse to shine shoes. No one to assist me to dress, or bring tea and hot water before breakfast.

MODERN LIFE WOULD BE TOO HARD ON THE NERVES IF IT WERE NOT FOR WANT ADVERTISING!

The pace of life has become tense.

Worries, disappointments, up-sets at home and office, losses, discouragements seem to multiply as daily life becomes more complex.

The property owner, who MUST have a steady income from rents or lose his property, is "racked" by the untimely defection of a tenant. Some classified advertising quickly retrieves his loss—and quiets his nerves!

The salary earner unexpectedly loses his position—and his peace of mind. The strain would shortly "break" something in his nervous system if, once more, want advertising did not find the better job—and restore to him his mental equilibrium.

In every phase of the city's life, every day, the want ads play the part of the peace-maker. They SERVE you and me at some crisis in our lives—and keep the modern pace and tension from proving too fast and tight for us.

Truly, the want ads ARE FOR SERVICE!

About Town

The Alberta Hotel and the barbers will play a baseball game at Diamond Park on Monday evening.

The Western Canada League averages for the first half of the season are arrived in Edmonton and will be published in Saturday's Capital.

The two-year-old daughter of James Watt of 19 Donald street, died yesterday. The funeral to the Edmonton cemetery will be held this afternoon at 2 o'clock.

The final match in Division A. of the City Football League takes place this evening at Diamond Park. St. Geores and Callies A. are the competitors and the kickoff is at 7 o'clock.

A special train arrived from the west along the G.T.P. last night carrying an employee, George Perry, who was suffering from injuries received while working a steam-shovel. He was taken to the City Hospital where Dr. Hyslop attended him, and fortunately found that his injuries were not so serious as was supposed.

Commissioner Bullon has received the preliminary plans of the Jasper Avenue subway from the C.P.R., but th detailed working plans have not yet arrived. The commissioners will discuss the plans at their meeting this afternoon and also the awardig of the contract for the west-end bridge.

Another claimant for the distinction of receiving the first telegram from Lesser Slave Lake has come forward. Mr. Yeager of Second street received a wire from Mr. Washington of Lesser Slave Lake, early yesterday morning.

The G. T. P. has taken out a building permit to construct new freight offices on Isabella street. The cost is $7,000. A permit has also been issued to the city for additions to the city offices on Rice street, also at a cost of $7,000.

The management of the Orpheum Theatre have advised Inspector Turnbull that they have decided to donate a per centage of three entire performances, together with a matinee, towards covering the expenses of the camp.

A fire broke out in Phalen & Shirley's office in the McDougall Court last evening at 10 p.m. Little damage was done, a few of the office fixtures being burnt. It is thought that the fire started by a lighted cigar butt in the waste paper basket. No. 2 station and the central tsation responded quickly to the alarm and arrived in time to prevent any serious damage being done. The office is fully insured.

Mayor Lee and Ald. Gariepy will accompany the party which will leave on Sunday evening for Lloydminster to meet the private train bearing Sir Wilfrid Laurier and party, returning with them on Monday evening. Int the party will be Hon. A. L. Sifton and his cabinet, Hon. C. W. Cross, and other prominent Liberals. The party will travel to Lloydminster in a private car.

MISSING MAN JUST WENT TO HIS HOME

George Meredith Writes From His Farm That He Left in a Hurry in Answer to Wire

George Meredith, the Lacombe homesteader who has been missing for nearly three weeks, has been located at his home. Meredith disappeared most mysteriously on July 18th leaving the home of Mrs. Fred Griffiths on Bellamy street, and taking a gun with him. It was said that he went toward the Hudson Bay Reserve. Two weeks later Mrs. Griffiths reported the matter to the police and an investigation was started.

This afternoon Mrs. Griffiths stated to the police that she had a letter from Meredith addressed from his home. Meredith explained that shortly after he started out on the afternoon of the 18th he received a call to return home and that he crossed to Strathcona and caught the afternoon train.

Mrs. Griffiths is very much annoyed that Meredith did not notify her of his whereabouts for such a lengthy period. She states that she was kept in continual suspense lest something had befallen him, the circumstances of his departure being so unusual. Meredith left a valise and case of instruments behind him when he left and he has asked that they be forwarded to him.

The Day in Strathcona

The public works department have begun the work or repairing the Mill Creek Bridge on the Wye road east of Strathcona. A new deck is benig laid on the bridge.

The steamer, City of Edmonton, makes nightly excursions down the river to the Clover Bar Bridge, starting at 8 o'clock and returning at 10.30. These excursions are becoming very popular; Lyncha's Orchestra furnishing music during the trip.

The new Strathcona fire hall is nearly compelted, the workmen are now putting the finishing touches to the interior. The stables will accommodate nine horses, or four teams for the fire equipment, and one horse for the chief. The department will move in on Sept. 1st. The new building will also furnish accommodation for an ambulance, and a new ladder truck, which will be purchased in the near future.

The boiler and engines from the old 'City of Strathcona" are being transferred to the new boat launched last Tuesday at Walter's Wharf. The accommodation for passengers will not be installed until next year.

Between Leduc and Strathcona the work of laying heavy steel on the C. and E. is being carried on by a large gang of men.

The telephone department is installing a 200 pair cable from their building in Strathcona to join the cable that was recently stretched across the river form Edmonton to Strathcona. Near the building the cable will branch, 100 pairs going west to the university, wher it is estimated 50 'phones will be required.

T. B. Stanford, a Strathcona contractor, has commenced work on the new house for Dr. Andrew Carmichael at the corner of First Avenue, south, and Second Street, west. Dr. Carmichael came to Strathcona from the east only recently, and has decided to make his home there.

This morning the Bithulitic Contracting Company of Edmonton commenced the fulfillment of their contract for street paving in Strathcona. They secured the contract for the paving at the sum of $28,740, theirs being the only contract submitted for the work.

The most important work that will be done, will be the paving of Railway Avenue, between the C.P.R. depot and Whyte Avenue. There is a large amount of traffic on this road and in the present condition when the weather is wet, it is almost impassable.

The Whyte Avenue paving will be extended one block west. Two blocks will be laid on Main Street to First Aveme north, and First Avenue south from Whyte Avenue.

The contract for paving between the street car tracks at $3 per yard, 12 cents higher than Edmonton paving prices, was also given to the Bithulitic Company, the difference being due to the added cost of hauling material to the scene of operations.

The water works department have installed the water mains and house connections along all the streets about to be paved, leaving everything in readiness for the contractors, who will finish in about one months' time.

EMPIRE THEATRE

There will not be a thing lacking in Sherman's Musical Comedy Co., which will open in the Empire Theatre, Second street, on Monday, August 8th, for an unlimited engagement. This show is going to be first full of girls, comedy, music and fun. Everything has been thought out and done to make this the musical hit of the season. The special numbers are culled from the reigning musical hits of the day.

Tom Beeson, who is the principle comedian, will produce all the musical plays of the comedy, and is a man who will fall immediately into favor, being a comedian of natural talents and a fetching personality.

There are 15 people in the company, and every one a real performer with a record of value behind them. There will be a matinee every day, with two full shows at night, and an entire change of programme twice a week.
